

**RESPONSES TO QUESTIONS RELATING TO THE
REQUEST FOR QUALIFICATIONS FOR
GRANT MANAGEMENT AND GRANT WRITING ASSISTANCE (RFQ-17-002)**

Updated as of May 11, 2017

<http://www.wrd.org/business/water-replenishment-business.php>

Below are responses to questions that have been asked during this Request for Qualifications (RFQ) process. The deadline for questions regarding this RFQ will be on Wednesday, May 10, 2017 at 5:00PM PDT.

	QUESTION	RESPONSE
1.	The Scope of Services includes "assist with evaluating and fulfilling the requirements under the California Environmental Quality Act (CEQA)." Do you anticipate a need to prepare environmental documents to support grant proposals?	No. However, the Consultant(s) should be familiar with CEQA requirements and be able to coordinate with other WRD consultants on the various environmental documents that need to be submitted as part of a grant proposal.
2.	Are you expecting a team to bring a CEQA Environmental Planner capability?	No
3.	Similarly, the Scope includes "complying with any other requirements established by each respective funding program." Grants often require documentation of labor compliance. Would it be desirable to have a labor compliance specialist on the team, or will WRD address labor compliance through other contracts?	Although a labor compliance specialist is not specifically required, the Consultant(s) should propose a team that best meets the Scope of Services.
